

**For Immediate Release:
August 21, 2007**

Shoppes at Urban Plains is Underway

A lifestyle center will soon be under construction just west of 45th Street at Urban Plains. The 12,000 square foot multi-tenant facility is the initial building on a block that is master-planned to have nearly 200,000 square feet of retail over the next several years. This planning process has lead to highly visible locations with protected sightlines, and zero on-site water retention requirements. Retailers should feel comfortable choosing Urban Plains for their next location knowing it will be an easy transition and that there won't be any surprises.

Construction contracts were awarded at the end of last week and the building will be ready for tenants in November of this year.
